RAKESH SIRIPAKA

Bremen, Germany | rakesh9211488@gmail.com | linkedin.com/in/rakesh-siripaka-b723511a1 | github.com/rakesh9211488-bot

PROFILE

Master's student in Management in Digitalization and Transformation with professional IT operations experience. Practical experience customizing n8n workflows, integrating APIs and configuring Supabase components. Interested in digital systems, process improvement and automation.

PROFESSIONAL EXPERIENCE

IT System Administrator | Accel IT, India | May 2024 - May 2025

- Monitored IT systems and investigated alerts to support day-to-day operations.
- Recorded and handled incidents, service requests and changes using structured ticket workflows.
- Performed functional testing; documented errors, resolutions and operational changes.
- Supported Windows/Active Directory, Microsoft Office, SAP and remote users; coordinated with operational teams.

PROJECTS

CareerOrbit | Career workflow and job-application platform

Customized and tested existing n8n workflows for multi-step job-application processes. Configured Supabase tables and CV storage; worked with APIs, Git/GitHub and workflow troubleshooting.

TechFarming | Collaborative agriculture IoT prototype

Contributed to a two-person sensor-based agriculture project across hardware, software and coordination, with later web-platform enhancement and data-flow testing.
